

HOSPITALITY DESIGN & BRANDING

A true sense of connection

We apply a Holistic design approach that aligns with your vision and your guests.
Creating an encounter between architecture and interior that inspires a meaningful experience.

The front of house

Our team of chefs and consultants will cover all the design aspects of a given project from architecture and interior design to furniture, material selection, kitchens, retail and branding. An overview of our services are as follows:

- Site assessment and feasibility • Layout & space planning • Design development (mood boards, 3D images, atmospheric drawings and visuals)
- Detail design and specification Procurement (FF&E)
- Product sourcing • Budget preparation assistance
- Project management (tender, project scheduling and budget) • Site supervision

The back of house

Our team of architects and contractors will design a well-planned kitchen that maximises efficiency and improves your customers' dining experiences.

- Kitchen space planning & allocation • Kitchen Work Flow
- Identification of key kitchen and bar equipment features
- Review of schematic and detailed kitchen and bar design drawings

The branding of Luxury

Our team of talented brand builders will create a holistic design and branding approach where media platforms work in harmony to align and promote your vision.

- Define the positioning • Create an Identity • Signage
- Implementation of brand mechanism
- Outlet identity/name • Menu format and layout
- Other suitable graphic applications
